Product Description

In the medical industry for over past ten years, **Proteinex® 15 Liquid Protein** has been used by renal patients/dialysis, post operative, geriatrics, gastric bypass, wound care, cancer, patients with absorption problems, malnutrition and many others. Proteinex® is a predigested liquid protein that provides a high concentration of protein (essential and common amino acids) in a small serving size. Two tablespoons (30ml) will provide the patient with 15 grams of protein and 60 calories.

Flavor: Unflavored
